

# DEVANEIO

SERRA DE MONTEJUNTO

## DEVANEIO RED 2020

RED WINE

### CONCEPT

It is a field blend of Alicante Bouschet and Syrah, which vinified and aged exclusively in concrete tanks. Of differentiating and high quality that results from a simple and minimalist viticulture and enology, with the aim of respecting the terroir.

### TASTING NOTES

Visual aspect, it is a cherry red wine with brilliant clarity of deep intensity and medium tear. The aroma is quite pronounced, characterized by notes of red fruit, mint, spices and also smoked and caramelized aromas. In taste, it is dry, with balanced acidity, sufficient alcohol content, medium body and balanced tannins. In the mouth it is as in the nose, of pleasant quality. With a long and delicate persistence, it is a balanced wine.

### WINEMAKING

Manual harvest with the choice of grapes made in the vineyard itself. After crushing without destemming, the grape is sent to concrete tanks where fermentation is spontaneous with native yeasts. Once the fermentation is over, only the tear must is used, which is sent to cement deposits, 2000 liters in the form of a tall barrel, where it ages for a year.

After aging, the wine is bottled using minimal doses of sulfur dioxide.

### ANALYTICAL DATA

Alcohol – 14,2%

Total acidity – 5,8 g/L

pH – 3,68

Total SO<sub>2</sub> – 80 mg/L

### TOTAL PRODUCTION

2000 bottles of 75cl.

Noun. State of the person who wanders or is carried away by imagination, memories or dreams.
